

# UN SHOULD STUDY CHINA WAR: EISENHOWER

## About Town

And Country

By TIMOTHY T.

CULTURE: Get out your map of the State of Illinois and get your pencil in readiness. Now focus yourself down around P-11 where the red line of Route 45 crosses the black lines of Routes 13 and 34. Right there close should be Harrisburg.

Harrisburg, the cultural center, is the Harrisburg we're speaking of. Pardon me, I mean Harrisburg, the cultural center, is the Harrisburg about which we are speaking. Gotta keep the grammar rhetorical in an essay dealin' with culture.

Harrisburg is the place where we've had such cultural occurrences as the Community Concerts, the Dinner Club speeches and the Elks Minstrels as well as displays of art.

Most recent cultural event is the one in progress now and maybe you should get down and see it so as to get a little culture rubbed off on you. I went yesterday and you can see it until 9 p. m. to night or from 1 to 9 p. m. tomorrow.

It is the University of Illinois School of Art Faculty members' exhibit and it adorns the walls of the lower floor of the Cummins building, which is right across South Main street from the post office, and is right across West Church street from Humm and Reynolds (which plug ought to be good for a grease job but I'm not expecting any free stamps from the post office).

As I said, I went yesterday and when I got out the culture was dripping.

On the north wall of the building are more-or-less conventional paintings; on the west wall the abstract and surrealist group; and on the south side photos of sculpture, silversmithing, ceramics and textiles done by the professors.

Now the more-or-less conventional paintings are the more-or-less appealing objects of art in my estimation. There you can find the Beachcomber's Dream, which looks like the beachcomber is dreaming he already has a lot of stuff collected and piled up. The dream is there but no beachcomber.

Also in this group are some boats and water scenes and some buildings, and at least one portrait. There also is one called Changing the Guard which shows three elephants and I wonder if this painting isn't more symbolic than actual in that it might be a change from the Old Guard et cetera et cetera.

Let's talk about the abstract and surrealist paintings for a while.

Abstract paintings, Atty. Lloyd H. Melton explained to me, are a combination of forms, designs, lines and colors designed to make a pleasing combination. He said there is no intention of conveying a message and they don't.

A surrealist painting is one, he continued, where the figures are entirely out of proportion in order to emphasize a certain trait-like the face.

There was one in the abstract-surrealist group that to Timmo I guess a guy can get pretty far off in trying to figure out one of these, though.

Another appeared to be a jig saw puzzle seen looking down through a magnifying glass from a helicopter.

One that is supposed to represent industry looked more like a guillotine set to music.

But the Rooster is a Rooster and the coast is the coast. And the Mexican edifice looks more like a CIPS substation. All the CIPS would have to do would be paint 'em red.

Honestly, of the group, there are a number of pleasing paintings and water colors and there is a number of confusing pieces. Just go and take the bitter with the sweet, the gall with the honey, the chili with the ice cream and the castor oil after you've done all this.

There'll be a cigar box on the premises but that's no inducement to attend because the cigars will be all gone. There's expense connected with getting the exhibit here and all donations, which need not be big, will be greatly appreciated because a chosen few might get stuck with the bill unless a number of Harrisburg people get cultural and shell out as well as gaze at the grandeur and grotesquerie.

## Girl Pleads With Father To Surrender

Talks with Leader Of Convicts; 11 Hostages Held

BOSTON — A pretty 16-year-old girl pleaded in vain today with her father and three other besieged convicts to surrender themselves and 11 hostages at Massachusetts State Prison.

The girl, Toby Green, talked with her bank robber father Theodore (Teddy) Green, leader of the insurgent convicts, shortly after an Army tank arrived at the prison in the do-or-die war of nerves.

Toby chatted with her father through a window in the beleaguered fortress where the tough convicts were barricaded with the hostages. The latter included five prison guards.

Her appeal, the second in 14 hours, lasted only a few minutes. She was accompanied by guards who escorted her through the prison to the Cherry Hill solitary confinement section where the convicts revolted at 5 a. m. Tuesday.

Toby, a brilliant high school student, previously talked Tuesday night by telephone with her father. That time, like today, he refused to give up.

The tank was pressed into service in an effort to break up the revolt that has lasted more than 30 hours.

The 30-ton Bulldog Walker light tank was sent from Ft. Devens, 60 miles away, on orders of Massachusetts state police.

State Public Safety Commissioner Otis M. Whitney, head of the state police, said the tank, which mounts a 76 mm. cannon and two machine guns, would be "held in readiness until things start humming." He did not elaborate.

The tank was ordered after the four convicts defied the guns and bazookas of the state police and refused to release the guards and six inmates they hold as hostages in the disciplinary section of the ancient prison.

Green's associates were identified as Fritz Swenson, 32, Boston, serving life for the murder of a police sergeant; Joseph A. Flaherty, 31, once identified as Boston's Public Enemy No. 1 and Walter A. Balben, 38, serving 23 to 35 years for armed robbery and escape.

## Kiwanis, Soil District to Hold Joint Meeting

Plans for a joint meeting with the Saline County Soil Conservation district were discussed last night at the Kiwanis club at the Masonic temple. The joint meeting, a ladies' night affair, will be held Tuesday, Feb. 22, and will begin at 6:30 p. m. instead of the regular meeting time of 6 o'clock.

Tom Morgan, farm planner for the Saline County Soil Conservation district, outlined plans for the meeting at which the principal speaker will be Dr. W. G. Kammlade, associate director of extension from the University of Illinois.

This will be the annual meeting of the soil district which has as its board of directors at the present time Alva Gholson, president, Carl Vance, vice president, Paul Endicott, secretary-treasurer, and Earl Harris and Cecil Nelson.

Mr. Morgan outlined the activities of the Soil Conservation districts which work with the U. S. Department of Agriculture to build and conserve soils. In Saline county the district has been in operation since 1947 and at the present time has about 500 members with 78,000 acres of land in the program.

Ralph Woolard was in charge of last night's program.

Also present at the meeting last night was Lt. Gov. Ray Owen of the Marion club who made his official visit to the local club. Lt. Gov. Owen discussed the objectives of Kiwanis this year and especially stressed the safe driving pledge of the Kiwanians.

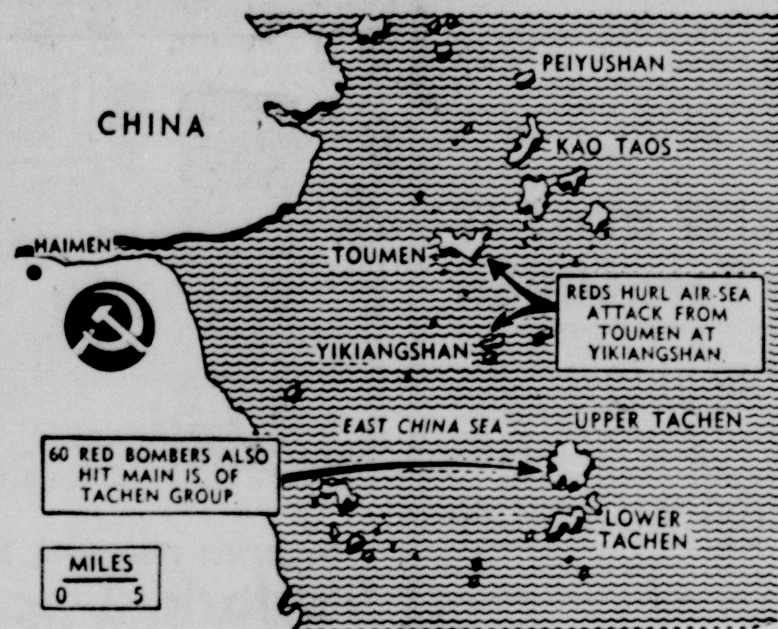

He was accompanied to the meeting by Hubert Fulkerson, Charles Prater and Bob Morrison of the Marion club. Also present last night was Julian Valette of Evansville, a visiting Kiwanian.

## Claude Gibbons Enters Mayor Race

Harrisburg today had a candidate for mayor in the race for city offices.

He is Claude Gibbons, local funeral director.

Filing for commissioner were Ezra Heatherly, Stobart D. Abney and Charles Raub.

## Downstate Republican Chairmen Named For Three Top Legislative Committees

SPRINGFIELD — Downstate Republicans held the reins today on three of the most important committees of the 1955 Illinois House.

Ora D. Dillavou, Champaign, becomes chairman of the Appropriations Committee. Franklin U. Stranksy, Savanna, heads the Executive Committee. And Robert L. Burhans, Peoria, takes over the Judiciary Committee.

They were among 23 Republicans named by Speaker Warren L. Wood, Plainfield, as chairmen of House committees Tuesday.

Dillavou and Burhans both succeed chairmen from Chicago, and Stranksy, majority leader in 1953, replaces Rep. Reed F. Cutler, Lewistown, veteran who was defeated for renomination last year.

Statistically, Burhans' Judiciary

Committee is the busiest in the House. Records show this group considered 300 of the 1,310 measures handled in the House in the 1953 legislative session.

This committee is especially important this year, when Gov. William G. Stratton wants the Legislature to approve a constitutional amendment to revamp the entire state court system. Such proposals normally are referred to the Judiciary Committee for recommendation.

The Appropriations Committee, where Dillavou succeeds the late Charles J. Jenkins, Chicago, handled 131 bills, two years ago—second in the House only to Judiciary.

Dillavou's appointment gives the Champaign area two legislators in top state finance spots. Sen. Everett R. Peters (R-St. Joseph) is chairman of the Illinois Budgetary Commission.

A Catch-All Group

The Executive Committee, which Stranksy will head, is a "catch-all" that handles most resolutions including many for constitutional amendments, and miscellaneous bills. Its chairmanship often has been regarded as one of the most important in the House.

Rep. Arthur W. Sprague, La Grange, again will be chairman of the Elections and Reapportionment Committee. This group will work on plans for redistricting the Legislature, a move approved by the voters Nov. 2.

A veteran of 16 years in the House, Champaign's Charles W. Clabaugh, will be Education Committee chairman again. A top task for this body will be passing on legislation to meet school finance problems.

Others Tapped for Jobs

Others reappointed to chairmanships included Homer Caton, Stanford, Agriculture; G. W. Horsley, Springfield, Insurance; Paul J. Randolph, Chicago, Revenue; M. R. Walker, Danville, Roads and Bridges; and Rollo R. Robbins, Augusta, Motor Vehicle and Traffic Regulation.

Wood preceded the appointment of committee chairmen Tuesday with his announcement that John W. Lewis Jr., will step up from majority whip to majority leader this session. Rep. William E. Polack, Chicago, takes over as whip.

Wood named Robbins GOP caucus chairman and Albert W. Hachmeister, Chicago, caucus secretary.

To the Republican Policy Committee he appointed Lewis; Polack; Robbins; Hachmeister; Robert T. McCloskey, Monmouth; Harold W. Widmer, Freeport; Charles K. Willett, Dixon; and George W. Wilson, Baylis.

## Kerr Named Chairman Of House Military, Vets Affairs Committee

SPRINGFIELD, Ill. — (Special) — Illinois House Speaker Warren L. Wood, Plainfield, today announced the appointment of Rep. Gordon L. Kerr, Brookport, (R) to be chairman of the House Military and Veterans Affairs committee in the 69th General Assembly. He replaces former Rep. Harry McIntock, West Frankfort (R), who failed to gain re-election.

Speaker Wood also reappointed Rep. W. O. Verhines, Vienna, (R), vice chairman of the Personnel and Pensions committee.

## Help Pours In For Burned-Out Herrin Family

Entire Town is Engaged in Project To Restore Home

HERRIN, Ill. — The people of Herrin began proving their mayor's boast today that "we take care of our own in time of trouble."

Building materials began arriving at the site where a fire early Tuesday destroyed the home of Mr. and Mrs. Sam Smith and their three children. Smith is a city trash collector.

Led by Mayor Dave Miller, the entire town was engaged in the project to restore the Smith home.

Pledges of help began coming in within a few hours after the fire left only one charred wall of the Smith home standing.

All of the family's possessions went up in smoke as they were driven to the street in nightclothes. The family consists of Smith, 56, his 50-year-old wife, a 12-year-old daughter, a 16-year-old son, and a second 30-year-old son who is a deaf mute.

Smith, who was described as a man "everybody in town likes," has two older children who live away from home. He was overwhelmed by the help of his fellow citizens and while talking with the mayor he choked up and said "I can't believe all this is true."

The Bob Stotlar lumber yard offered the first donation of building material. Similar offers then came from the West Side and South Side lumber yards.

Members of Local 581 of the AFL Carpenters Union said they will build the house without charge and Tom Cox, a building contractor, offered to supervise the work.

In response to Mayor Miller's appeal broadcast over radio station WPF, donations of clothing, grocery furnishings and money poured into the police and fire departments.

Miller said about \$200 worth of food had been received by today and there also was plenty of clothing given to the family.

The local American War Mothers arranged for the Smiths to stay with several families until the new house is ready.

Pledges of building materials continued today. Hardware merchants offered paint and hardware for the home which will be as large as the amount of materials received permit. Local 1082 of the AFL Painters offered to paint the home without charge.

Miller said he had assurances the electrical workers will install wiring without labor cost.

Teamsters Start Work

Local 286 of the AFL Teamsters Union began hauling the building materials free of cost to the building site. Carpenters and other workers will clear away the ruins of the Smiths' former home of which only a charred wall section remained. Carpenters said work will start on the house as soon as enough material was at the site.

Townpeople also offered furnishings for the home and Helleny's Department Store said it would supply whatever furniture was needed after donations are completed.

Herrin residents have a past record of help to families with losses such as the Smiths. In 1953, the homes of two neighboring families were burned out three days before Christmas. Within a matter of hours, clothing, food and toys for the smaller children poured into the city hall.

"Herrin people like to take care of their own in time of trouble," the mayor said.

## Six to Leave For Induction

The following young men will leave for the St. Louis induction station for duty in the armed forces on Jan. 21, the Saline County Selective Service Board announced today.

Robert Joe Hays, Harrisburg; Earl Gene Clayton, Harrisburg; Robert Lee Pierson, Harrisburg; Walter Leon Russell, Galatia; Oral Gail Bradley, Eldorado; Jack Deneen Bagby, Eldorado. All are volunteers.

## Youth is Released On \$2,000 Bond

George Batelli Jr., 18, who with Robert Carroll, 16, were bound over to the grand jury on charges of stealing the Claude Shelton station wagon at Carrier Mills, today was released under \$2,000 bond. Carroll remains in jail here.

Batelli's father and a friend from Chicago arranged the bond this morning and took the boy back to Chicago.

## Nationalist Warplanes Carry Out Retaliatory Attack Against Red Ships

TAIPEH, Formosa — A "large number" of Chinese Nationalist warplanes carried out a retaliatory air raid against Communist vessels along the southeast coast of mainland China today.

A military communique issued here said the "punitive attacks," which also sent Nationalist fighter bombers to the Amoy and Swatow areas off the China mainland, inflicted "heavy losses" on the Reds.

The raids were in reply to the Red invasion of Yikiangshan Island and Communist shelling of the Nationalist-held Tachen islands to the north.

Nationalist military spokesmen said all of the raiding bombers returned safely.

Meanwhile, a communique from the Tachens indicated the Nationalist garrison there still was resisting the Red attacks and would fight "to the last man."

Red Air Strike

Red Chinese warplanes hit Tachen, Chiang Kai-Shek's main northern outpost, in a massive air raid earlier today, and the Communists were reported menacing another island to the south of the key bastion.

Gloomy Nationalist leaders predicted the moves will be climaxed by an early all-out invasion attempt on the main Tachen Island and others of the strategic chain of outposts 250 miles north of Formosa.

One Nationalist leader, speaking personally, said:

"The Communists are going to take our islands one by one and the United States 7th Fleet is not going to do a damned thing about it."

The Reds already are in possession of Yikiangshan Island, 12 miles north of Tachen, after a surprise amphibious invasion carried out Tuesday. Pishan, another island 32 miles south of Tachen was seriously menaced. A large American detachment is based on Tachen.

Gloom Follows Statement

Gloom was heightened in Nationalist quarters by the statement Tuesday by U. S. Secretary of State John Foster Dulles that Yikiangshan and others of the Tachen group were not militarily important to the defense of Formosa.

Nationalist authorities said their intelligence reports today said strong new naval units were being rushed to the Tachen area from Shanghai.

These, they said, will give an even greater measure of superiority to Communist naval and air forces which already have overwhelming control of the air and sea in the battle area. More than 30 Red war vessels, including two destroyers, already were known to be in the area.

Yikiangshan Island, to the north of Tachen, was written off as lost to Red invaders who stormed ashore Tuesday under air and naval bombardment. Pishan Island, south of Tachen, was expected to be attacked in a giant pincer move against Tachen.

More than 200 Russian-made Red planes bombed Tachen this morning in what the Nationalists called the greatest air raid since World War II.

The Nationalist Ministry of Defense said a huge Red force was menacing the entire Tachen network, which lies only 250 miles north of Formosa.

## Doubts Reds Would Honor Cease-Fire Pact

President Says Tachen Islands Not Vital to Defense

WASHINGTON — President Eisenhower said today it would be a good idea for the United Nations to take a look at the Chinese warring because such fighting anywhere is a potential world powder keg.

Mr. Eisenhower told a historic news conference that he did not know whether U. N. efforts to arrange a cease-fire could succeed. He voiced doubts as to whether a nation such as Red China would honor a cease-fire agreement.

Like Secretary of State John Foster Dulles, the President said the Communist-threatened Tachen Islands are not vital to the defense of Nationalist China's islands of Formosa and the Pescadores.

BIBLE THOUGHT FOR TODAY  
Keep yourselves in the love of  
God.—John 21.

We can test ourselves by asking  
do we hate those who have wronged  
us? Christ prayed for those  
who killed him. He gave his life  
for wicked as well as for good men.  
Hate is a poison that should be  
crowded out by love.

## The WASHINGTON MERRY-GO-ROUND By DREW PEARSON

DREW PEARSON Says:  
Governor Of Pennsylvania Is  
An Honest-To-Goodness Farmer;  
Gov. Leader Says Benson  
Favors Big Farmer; Young  
Pennsylvanian May Be Future  
Presidential Timber.

(Editors Note: The Brass Ring,  
good for one free ride, on the  
Washington Merry-Go-Round, goes  
to George Leader, the chicken  
farmer, who today is inaugurated  
governor of Pennsylvania.)

WASHINGTON. — It isn't often  
that Pennsylvania elects a Demo-  
cratic governor — in fact, it's hap-  
pened only three times since the  
Civil War. It also isn't often that  
any state elects a 36-year-old  
chicken farmer to handle its prob-  
lems.

That, however, is what the rock-  
ribbed Republican state of Penn-  
sylvania did when it elected  
George Leader by a healthy mar-  
gin of 280,000 votes. Compared  
with Averell Harriman's narrow  
squeak in New York, which has  
frequently gone Democratic, this  
was a landslide.

So the other day I went up to the  
Leader farm near York, Pa., to  
see what the new governor of  
Pennsylvania was like.

There I met a man who really  
loves farming. There have been a  
lot of amateur, mink-and-manure  
farmers in public life—from Tom  
Dewey and his dairy farm at Paw-  
ling, N. Y., to Eisenhower and his  
two black Angus heifers near Get-  
tysburg. But there are not too  
many high-up politicians who rely  
on farming as their sole source of  
income.

"The only money I ever made  
outside the farm," confessed Gov-  
ernor Leader, "was my salary as  
state senator, and that wasn't very  
much. So if the price of eggs drop,  
I'm out of luck. All a farmer can  
do when that happens is hold on  
and hope that prices will come  
back again."

Despite that, the governor-elect,  
who takes the oath of office today,  
doesn't think Secretary Benson  
should support the price of eggs.

"In Pennsylvania," he says, "the  
poultry farmers have always been  
against that. We think we can  
manage somehow, even though the  
price of the grain we feed is sup-  
ported by Mr. Benson."

SMALL VS. BIG FARMS  
What he does blame Benson for  
is favoring the big farmers and not  
doing enough to encourage small  
farmers. Leader himself operates  
a farm of 110 acres, purchased  
through a GI loan. He can make  
it pay only by intense specializa-  
tion with baby chicks.

"The average family farmer  
who doesn't specialize can't make  
a living on 100 acres any more,"  
the governor contends, "so more  
and more of them are drifting to  
the city. It's one of the most seri-  
ous problems the nation faces."

The Leader farmhouse is nothing  
you would expect the governor of  
the second most powerful indus-  
trial state to be living in. It's  
small, neat, compact. There's a  
living room in which the governor-  
elect receives the callers that  
crowd up to his farm home in such  
numbers that he gets little rest.

There's a much bigger kitchen  
which serves as a dining room, too.  
And there's a narrow hallway  
that's been converted into an in-  
formal office where the governor-  
elect's secretary tries to keep up  
with the flood of letters giving  
the new governor free advice on  
how to run the state of Penn-  
sylvania.

Mrs. Leader, who does her own  
housekeeping, was putting her  
baby to nap, when I arrived at  
10:30 a. m. Her eldest son, Mich-  
ael, aged 11, was assistant nurse,  
and there is another boy, aged  
six. During part of the campaign,  
Mrs. Leader drove her husband  
around Pennsylvania, while the  
children stayed with their grand-  
parents. But most of the time she  
had to stay at home with children  
and chickens.

The Leader family has been  
farming in York county for seven  
generations, and George Leader  
Sr., is one of the bigger poultry  
breeders of the East. His son is  
more modest, though he sells 1-  
600,000 baby chicks a year.

RENTING HENS  
I thought dairy farming was a  
reasonably skilled business, but it  
seems poultry farming is much  
more so. Governor Leader rents  
his hens. He doesn't buy them. He  
rents them from an Iowa poultry  
breeding plant which specializes  
on inbreeding chickens to develop  
the best laying hens.

This process of inbreeding chick-  
ens is what Henry Wallace, former  
vice president and secretary of  
agriculture, has been doing since  
he retired from politics. It was  
Henry who developed hybrid corn,  
as a result of which the corn crop  
of the USA has just about doubled.  
And he's now trying to do the same  
thing with chickens—namely, pick-  
ing the best breeds of chickens,  
breeding them back to their own  
families to develop a variety of  
hen that will not only lay a lot of  
eggs but will be disease-resistant.  
For most good laying hens become  
weak and are susceptible to chick-  
en diseases.

Governor Leader has a contract  
with an Iowa firm, which, incident-  
ally, competes with Henry Wal-  
lace, whereby he rents highly in-  
bred, pedigreed chickens, hatches  
their eggs and sells the baby  
chicks. He sells the chicks to other  
poultry farmers who in turn are  
in the egg business. The governor

of Pennsylvania doesn't sell eggs;  
he just sells baby chicks. It's all  
very specialized.

When George Leader was first  
picked to run for governor about a  
year ago, the politicians didn't  
think he had a chance. He was a  
state senator with a good record,  
but just a state senator.

Some observers were even un-  
kind enough to remark that Mayor  
David Lawrence of Pittsburgh,  
one of the big Democratic wheels  
in Pennsylvania, had picked Lead-  
er as a throwaway candidate in a  
deal with staunch Republican Dick  
Mellon to let the Republicans win.

A sincere political novice, Lead-  
er may have a tough time in the  
hands of Democratic shrewdies. Or  
he may surprise them. He faces  
difficult problems. Pennsylvania  
has about the highest unemploy-  
ment rate in the USA, and the coal  
fields, once the backbone of its in-  
dustry, now face the competition  
of oil and eventually atomic power.

However, if George Leader, only  
37 years old yesterday, makes a  
success of being governor of Penn-  
sylvania, he will go places in a  
Democratic party looking for new  
young blood.

### KANSAS CITY STAR CASE

Members of the Justice Depart-  
ment's Antitrust Division hit  
the ceiling when they heard that At-  
torney General Brownell had inter-  
vened directly in the criminal anti-  
trust case against the Kansas City  
Star and ordered the case against  
Roy Roberts dismissed.

This was done last Friday, on  
the last court day before the case  
was to go to trial in Kansas City  
Monday.  
Up until the day before this,  
members of the antitrust division  
had not known that any move was  
going to be made to take publisher  
Roberts out of the case. They had  
known, of course, that Roberts,  
who was one of the first to propose  
Eisenhower for President, had  
been a frequent caller at the White  
House. He has dined or called  
there every time he comes to  
Washington and spent several days  
here with his attorney, Elton L.  
Marshall, only last month.

They also knew that Attorney  
General Brownell had made "sug-  
gestions" that the case against the  
President's good friend be quietly  
dropped. It has now dragged on  
for two years. But up until Mon-  
day his suggestions were over-  
ruled by the assistant attorney gen-  
eral in charge of the Antitrust Di-  
vision, Judge Stanley Barnes of  
California, a Republican appointed  
with the backing of Chief Justice  
Warren.

On Friday, however, Brownell  
became insistent, and Earl Jinkin-  
son, special U. S. attorney who  
had spent three weeks preparing  
the Kansas City case, appeared be-  
fore Judge Richard M. Duncan  
and stated that on the advice of  
the attorney general the govern-  
ment was asking that the criminal  
case against Roberts be dismissed.

The remainder of the criminal  
case against the Kansas City Star  
itself, and Emil Sees, its director  
of advertising, is going forward.  
Afterward, a newspaperman asked  
the Star's attorney, Elton Mar-  
shall:

"Did you see Attorney General  
Brownell when you were in Wash-  
ington last month?"  
"What right do you have to ques-  
tion me?" replied Marshall, rush-  
ing to a telephone to break the  
good news to his client.

### Indian Eskimos

Eskimos belong to the Mongo-  
loid race. Although their lan-  
guage is unrelated to any other  
Indian tongue, the Eskimos are  
Indians and came from Asia as  
the Indians did.

Corps began its training at Fort  
Des Moines, Iowa, July 20, 1954.

Every citizen knows that the Sta-

### Congressman Kenneth Gray Named to House Public Works Committee

Congressman Thomas J. O'Brien, head of the Illinois delegation, announced the appointment of Rep. Kenneth J. Gray, Democrat, Representative in Congress of the 25th District of Illinois, to membership in the House Public Works committee.

The appointment of Congressman Gray to this highly important major committee is a break from Congressional tradition under which new members of the House are usually appointed to commit-

tees of lesser importance. This action also reflects a growing recognition of conditions now existing in the 25th District of Illinois, which is one of the economically distressed areas of the United States.

Mr. and Mrs. W. R. Hine of Steven's Point, Wis., are visiting this week with Mr. and Mrs. Ralph D. Brown and with Mr. and Mrs. Lloyd L. Parker.

House Democrats May Seize Tax Cut Initiative

WASHINGTON — Key House Democrats today considered seizing tax cutting initiative from President Eisenhower by rushing a bill through Congress to lower individual income levies.

The effective date for the cuts would be either next July 1 or Jan. 1, 1956, a date in advance of any Mr. Eisenhower has indicated he has in mind.

The Democrats' talked of forcing the chief executive to sign within 10 weeks legislation cutting income taxes as much as \$80 a year for a family of four. Their strategy would couple the income tax reduction with the legislation extending present rates for corporation income taxes and for some excise levies.

The government faces a three billion dollar annual loss in revenue if the latter two are not extended.

The tax cut proposal was being discussed actively by key Democrats on the tax-writing House Ways and Means Committee, including Rep. Hale Boggs (La.), and Rep. Wilbur Mills (Ark.).

However, they had not yet discussed it with Speaker Sam Rayburn who presumably will have the final word.

If adopted, the plan would revise original Democratic strategy for putting off tax cuts until the 1956 election year.

A question of whether the strategy needs revision was raised by Mr. Eisenhower's budget message Monday. Key committee Democrats believed the President made it clear through that message that he will recommend an income tax cut next year after Congress convenes Jan. 6. They believe the Democratic Congress should beat him to the punch this year.

Cairo Defeats City Manager Proposal

CAIRO, Ill. — A proposal to change Cairo's commission government to a city manager-council system was defeated Tuesday by 136 votes.

The vote was 1,783 yes and 1,919 no on a referendum on whether Cairo should adopt the city manager plan.

Slightly more than half of the city's 6,841 registered voters went to the polls.

## Korean Officer Threatens General Taylor

SEOUL — A disgruntled Korean army major confessed today he threatened Gen. Maxwell D. Taylor with a loaded automatic pistol in hopes of getting more U. S. military aid for Korea. He denied he tried to assassinate the American general.

The Korean officer, Maj. Kim Ki Ok, leaped through an open window of the Republic of Korea army headquarters in Taegu Tuesday and brandished a .45 calibre pistol. He was overpowered before he could fire.

The ROK government, reported to be "tremendously embarrassed by the incident involving the commander of all U. S. ground forces in the Far East, issued a special statement saying Kim had confessed and that his sanity was under investigation.

The statement said Kim served at the front during the war and was sent to a rear area after being wounded.

"It is believed that the shock which came with his disappointment at the armistice and failure to achieve unification of Korea affected his mind," the statement said.

"He confessed that by threatening General Taylor he wanted to arouse public opinion in the United States to increase U. S. military aid to Korea."

Taylor dismissed the incident by saying that Kim did not point his loaded automatic "convincingly" and that "I attach no importance to it."

Taylor was being briefed by ROK officers, including Army Chief of Staff Chang Il Kwon, when the incident occurred. The briefing continued after the incident.

Presbyterian Merger Blocked

RICHMOND, Va. — Southern Presbyterians have blocked a third attempt since 1917 to merge the three branches of the church.

Leaders of the Presbyterian Church of the United States (Southern), in which the defeating votes were cast Tuesday, said they had expected the outcome.

The vote by 34 of the denomination's 85 presbyteries stood at 10 for the merger and 24 against — two more than the number needed to kill the proposal. The denomination has 750,000 members.

The Presbyterian Church in the United States of America (Northern) with 2,500,000 members, and the United Presbyterian Church of North America (Midwest and Pennsylvania) with 250,000 members, both approved the proposed merger.

But the Southerners, whose church split with the Northern branch in 1861 at the start of the Civil War, traditionally consider the Northern church too liberal in theology and social outlook.

Fatally Injured Near Effingham

EFFINGHAM, Ill. — Earl B. Hills, 31, Kansas City, Mo., died in a hospital here Tuesday night after he was injured in a head-on collision on U. S. 45 north of here.

Hills' car collided with one driven by Mrs. Blanche Beals, 45, Neoga, Ill. She was injured critically.

Hourly, more than 20,000,000 transactions take place in American retail stores.

## Illinois Coal Mine Accidents in 1954 At All-Time Low

SPRINGFIELD, Ill. — Accidents in Illinois coal mines reached an all-time low during 1954. B. H. Schull, director of the state Department of Mines and Minerals, announced today.

He said that during the year mine accidents caused 23 deaths and 1,057 injuries, as compared to 28 fatalities and 1,313 non-fatal accidents in 1953, and 31 deaths and 1,565 injuries in 1952.

With coal production totaling 40,928,174 tons for the year, Schull said the number of tons mined per fatality was 1,779,486, a record high average. Production per non-fatal accident, also a new high, was 38,722 tons.

A breakdown of the 1954 fatalities shows that six were caused by haulage, five by roof fall, three by man hoist, two each by fall of rib, fall of face, machinery, and explosives, and one by railway car.

Schull said that accidents caused one death and 90 injuries during December. With coal production totaling 4,498,396 tons for the month, tons produced per fatality were 4,498,396, and tons hoisted per non-fatal accident were 49,982.

## Play Begins Thursday in Church Tourney

### Preliminary Round Will List Teams In Two Tournaments

Action in church-sponsored basketball play in Harrisburg is scheduled for Thursday night at Davenport gymnasium, it has been announced.

Instead of playing a regular league schedule, as originally planned, play has been set up on tournament basis, but arranged so that all teams should play at least two games.

Due to the odd number of teams entered—13 in the older group and 11 in the younger division—it was decided to play a preliminary round with all winners then entered in another tourney and the losers forming another group for tournament competition. With one team drawing a bye in each group, there will be seven teams in the winner's tourney and six in the losers of the older division. In the younger group there will be six in the winners' and five in the losers' tourney.

In the preliminary round Thursday night the drawings are:

**Younger Group**  
McKinley Baptist vs. First Methodist.  
Bankston Fork Baptist vs. Dorrisville Baptist.

**Older Group**  
McKinley Baptist vs. Dorrisville Baptist.  
Bankston Fork Baptist vs. Presbyterian.

**Tuesday, Jan. 25**  
**Younger Group**  
Mt. Calvary Baptist vs. Salvation Army.  
Social Brethren vs. Christian.

**Older Group**  
First Baptist vs. First Methodist.

Muddy Baptist vs. Sloan Street General Baptist.

Rules for participating in the church tournaments are:

1. Players must attend Sunday school or church at least two Sundays each month.

2. Players on the first 10 of the following teams are not eligible — High school varsity, high school sophomore-freshman, high school freshmen, Junior high 8th grade or Junior High 7th grade.

3. To play in younger division a boy must not reach his 15th birthday before March 31 and in the older group boys from 15 but not reaching their 19th birthday before March 31 are eligible.

4. Teams not present at game time will lose by forfeit.

Starting time is 6:30 p. m., with the younger boys playing first.

## East Wins All-Star Tilt, 100-91

NEW YORK (AP) — Bob Cousy had the West players so frightened they forgot all about Bill Sharman — and that's why the East won the fifth annual National Basketball Association All-Star game.

At least that's the explanation offered by Sharman, the Boston Celtics' bullet who was voted the "outstanding player" in Tuesday night's 100-91 triumph at Madison Square Garden.

Sharman, former Southern California court star and an outfielder in the Brooklyn Dodgers' farm system, was only second highest scorer for the East with 15 points — but he fired 10 of them in the final period to spark a drive that turned a one-point deficit into a comfortable triumph.

"The West boys were concentrating on Cousy, and that's why I was able to shake loose in the fourth period," explained Sharman, and he added simply, "Bob is the greatest."

Cousy, Sharman's more famed Celtic teammate, was the outstanding player of last year's All-Star game and was the East's high scorer last night with 20 points. Mindful of his game-winning play a year ago, the West scrambled madly to stop him in the final frame — while Sharman was killing them with a brilliant assortment of one-hand shots.

### Semester Exams at Eldorado High School

Semester examinations are being held at the Eldorado high school. The exams were started today and will continue through Friday, principal W. A. Knoop said.

## Legislators to Demand Illinois Grid Games on TV

SPRINGFIELD, Ill. (AP) — It became apparent today that state legislators are not going to rest until they have regional television broadcasts of Big Ten football games.

Illinois became the latest state to join the crusade for regional TV Tuesday when Rep. Ora D. Dillavou said he would introduce a bill in the State Legislature to telecast University of Illinois football games.

Similar resolutions have been proposed in Minnesota, Ohio and Michigan. If the legislatures should approve the bills, five Big Ten football teams would be forced to break the TV code of the National Collegiate Athletic Assn.

The NCAA opposes regional TV because of the effect it would have on attendance at college football games.

But legislatures in the seven states comprising the Big Ten claim their constituents want to watch their state universities on Saturday afternoon and not two schools in which they have no interest.

## Bing Crosby Undergoes Surgery

HOLLYWOOD (AP) — Bing Crosby underwent major surgery today at St. John's Hospital in nearby Santa Monica for removal of a kidney stone.

The popular 50-year-old crooner was wheeled into the operating room shortly before 7:30 a. m. for an operation of about an hour and a half.

Floor nurses said Crosby was in "fine spirit" this morning.

## Government Forces Advance Against Rebels in Costa Rica

SAN JOSE, Costa Rica (AP) — Government patrols today overtook fleeing Costa Rican rebel forces and engaged them in brief, sharp clashes along the Pan American Highway near Santa Rosa.

Government reports claimed the government troops made a three-mile advance along a 20-mile front in their drive to force the rebel

units across the Nicaraguan frontier.

Some government units claimed to have pushed salients well to the north of Santa Rosa and official sources here said one government unit was outflanking the rebels in a thrust up the coast which had pushed almost to the Nicaraguan frontier.

## Sugar Robinson is Favored Over Tiger Jones Tonight

CHICAGO (AP)—Sugar Ray Robinson meets the second hurdle of his "comeback" campaign to regain the middleweight championship tonight, and the former titleholder was a solid 7 to 2 favorite to whip trial horse Ralph (Tiger) Jones. "He's a rough, tough boy," Robinson said, "and he punches all the time."

But to Robinson the bout, slated on the television network from the Chicago Stadium, will be another means to determine when he'll be

ready to make an attempt to whip the 160 pound champion, Carl (Bo) Olson.

## Shawneetown Beats Pope Co., 54-40; Galatia Trips Ridgway

### Vienna, Cave and Equality, Rosiclare Games Tonight

Unbeaten and tourney-favorite Shawneetown and defending tourney champ Galatia won first round games in the annual Greater Egyptian conference affair last night at the Pope County high school gymnasium. A near-capacity crowd was on hand to see the opening games.

Shawneetown eliminated the host school Pope Co. in the tourney curtain-raiser, 54-40, with the scrappy Pirates a constant threat. Galatia nipped Ridgway, 45-44, with a last quarter spurt that the Eagles could not overcome by buzzer time. The victories send Shawneetown and Galatia into the first game of the semi-finals Thursday.

Tonight, the conference's second and third place teams—Vienna and Cave-in-Rock—tangle in the opening game at 7 o'clock, and "Kayo" Willis' Equality cagers battle Rosiclare's cellar-dwelling outfit in the aftermath. Winners of tonight's contests will play the second game Thursday.

**Indians Never Trail**  
Barney Genio's powerful Indians never trailed the Pope Countians, but the Pirates hovered within striking distance throughout the tussle. With Garrison Newsom leading the way, the Shawnees grabbed an 11-2 advantage before Gene Dick's Pirates began to move. The Indians led 14-8 at the end of the period.

Both teams played cautiously during the second canto. Shawneetown outscored their opponents 13-

## Locals' Shooting Eyes Sharp With .510 for First Conference Win

The Harrisburg Bull Dogs last night won their first South Seven conference basketball game since they captured the league championship two years ago, downing the Benton Rangers in Davenport gym, 67 to 60.

The Bull Dog shooting eye was sharp, the locals hitting from the field for a percentage of .510, about as good as any local team has ever done. And from the free throw line, the Bull Dog players hit 17 out of 25 attempts.

Four of the five starters—Dave Anglin, Dave Harrison, John Wilson and Don Price—scored in double figures and the fifth, Charles Polk, did not take a shot from the field all night. Anglin was high scorer of the evening with 26 points. Price, who played an excellent floor game, had 14. Wilson and Harrison 12. Polk connected

with his own two free shot attempts.

**Lead 34-27 at Half**

The tilt was more in the Bull Dogs' favor than the score indicates as the locals had a 16-point lead with a minute and a half to go and reserves entered the contest for Harrisburg. During that final minute and a half Benton scored 13 points while Harrisburg was making but three.

The first quarter ended close, 15 to 14, although at one time Harrisburg held a 13-8 lead. With three minutes gone in the second period the count was tied at 22-22, but Harrisburg started pulling away and was out in front, 34 to 27, at halftime.

The Bull Dogs outscored Coach Ralph Davidson's boys, 12 to 8, in the third quarter to emerge from the frame with an 11-point lead, 45-35, and continued to hold a definite superiority in the last stanza until the final minute and a half.

Coach Gene Bland and Davidson both used all the boys they had suited up. One of Bland's boys who has been playing considerably of late—Joe Dorris—was ill and not on hand last night.

The local front court—Anglin, Harrison and Wilson—all did a good job of jumping with Benton big boys, Grammer and Thomas, 6-5 and 6-4 respectively, and with Sanders and Barnfield, six footers.

Little Zimbleman, Benton guard, was accurate with his two-handed set shots from far out.

The Bull Dogs have two more games in Davenport gym this week, the Eldorado Eagles coming here Friday night and the Mt. Vernon Rams Saturday. The Bull Dog record is now four wins and eight losses for the season.

Coach Lawrence Caluffetti's Bull Pups were not as fortunate as their older brothers in the preliminary, bowing to the Benton Frosh, 57-54.

Harrisburg led 16-11 at the quarter, 32-31 at the half and 44-42 at the end of the third quarter but Benton took the lead late in the game and came out ahead.

For Harrisburg John Zuecker was high with 17. Wayne Stone had 14, Bryan Jones 9, Bill Henshaw 8, Bennie Fulkerson 3, Jim Cummings 2 and Ray Hassett 1.

## Thompsonville, Bluford Win Tourney Openers

Thompsonville and Bluford captured opening night games in the Little Egyptian night tournament at Waltonville last night. Thompsonville stopped Valer, 61-54, and Bluford eliminated Waltonville, 71-50.

In games tonight, league-leading Crab Orchard plays Dahlgren and Royalton mixes with Woodlawn. Thompsonville will meet Bluford in the first semifinal game Thursday night and winners of tonight's games will play the second game Thursday.

Bob Munday's Tigers had to stage a fourth quarter rally to dispose of Valer. After leading 17-12 at the end of the first period, Thompsonville slipped behind 28-23 at the intermission. They were still trailing, 43-42, going into the fourth.

A 19-point fourth canto splurge carried the Tigers to victory. Thompsonville made 25 of 64 attempts from the field for a 39 per cent. Valer hit 21 of 55 for 38 per cent. The Tigers made 56 per cent from the field in the second half compared to 28 per cent in the first.

Bluford, running second to Crab Orchard in the conference flag race, had little trouble ousting host school Waltonville.

**THOMPSONVILLE**—Doss 17, Carlie 4, Lemmon 14, Hodson 16, Gregory 6, Marsh 4, VALIER—Simpson 21, Farmer 26, Trbovch 1, Hardell 4, Joyner 2.

fosses but could not hit until the final two minutes. The buzzer caught them just short of the Bearcats.

Ridgway made only 5 of 21 efforts from the field in the last period and four of ten foul tosses. For the entire game the Eagles made 14 of 47 from the field for a 29.8 and 16 of 31 free throws. Galatia dropped in 13 of 46 attempts from out front for a 28.3. They made 19 of 29 charity tosses.

### Reports Given at Meeting of Girl Scout Council

The Saline County Girl Scout Council held its annual meeting Thursday evening, Jan. 13, at the McKinley grade school.

The president, Mrs. Charles Farrar, opened the meeting, and reports were given by the secretary and treasurer. The registrar, Mrs. Gene Morris, reported ten Brownie Scout troops with 114 members; 13 junior scout troops with 190 members; one senior scout troop with seven members; 42 leaders, 40 committee women, eight board members, and 13 standing board members.

Mrs. Francis Jahn stated that four new troops had been organized, and the training chairman, Mrs. Kenneth Capel, announced that two afternoons of training were held in October with 21 attending.

Mrs. O. L. Turner Jr., chairman of the Juliett Low fund, announced that \$12 had been collected and asked the leaders to take a collection for the Juliett Low Home Restoration fund.

The nominating committee chairman, Mrs. Novada Priest, offered the following to fill vacancies: Vice president, Mrs. James Barker, Eldorado; program chairman, Miss Barbara Thompson; publicity chairman, Mrs. C. R. VanTrease.

Mrs. Farrar discussed the show, "Mariners Ahoy," a movie on Girl Scouts which ran at the Grand theatre Dec. 19-21.

The president then read a Christmas greeting from president Eisenhower and one from the national president.

Plans were made for the Girls Scout cookie sale which is conducted in March. The sale is the only means of securing money for the individual troop's treasury.

### Galatia High School Notes

Galatia high school students are busy this week preparing for and taking semester examinations. In addition, seniors commenced taking aptitude tests last week and will continue with the program this week. These tests are being directed by staff members of the Illinois Unemployment offices in Harrisburg. Tests reveal along what lines and in what fields the individual's abilities trend.

One hundred and thirty students at the school participated in the Tuberculin test program. These were given last Tuesday and read on Thursday.

Students are showing great interest in the Penny Polio project being directed by faculty members of the various county schools in conjunction with the coming County Basketball tournament. Each home room at the school is naming a Queen candidate with the room raising the most pennies to enter its candidate in the competition at the tourney in Harrisburg, Jan. 25 and 26.

### Direct Action Sentiment Strong: Dulles

WASHINGTON — Secretary of State John Foster Dulles today told U. N. Secretary General Dag Hammarskjold there is strong sentiment in the United States "in favor of direct action" to free Americans imprisoned by Red China, but that this country will withhold such action for the present. Hammarskjold expressed hope that it would be possible to gain release of the imprisoned Americans, "given restraint on all sides."

Dulles received from Hammarskjold a first-hand report on his present mission to Peiping in an effort to obtain release of the Americans.

A statement released by the State Department said Dulles assured Hammarskjold that President Eisenhower's policy "for the time being" is to leave the handling of the prisoners' case up to the U. N.

**Ke Reserves Judgment**  
Mr. Eisenhower said today that at this stage the Hammarskjold mission cannot be considered either a success or failure.

President Eisenhower and Sen. William F. Knowland (R-Calif.) had an "exchange of views on various problems" during breakfast at the White House this morning.

The Senate GOP leader said he was not at liberty to go into any details when asked if the prisoner issue was discussed. Knowland is an advocate of the strongest possible measures to free the fliers.

Knowland has labeled the Hammarskjold mission a failure, while Mr. Eisenhower has urged patience while further efforts are made to win their release. Knowland said he and the President often talked together and "nothing should be assumed" regarding their breakfast meeting.

### Farmers' Outlook Better: Benson

By United Press  
Agriculture Secretary Ezra T. Benson told the Senate Agriculture Committee today things are looking up for farmers. He foresaw a "great decade ahead" for American agriculture.

Benson had no good news for consumers, however. He held out little hope of lower prices at the grocery counters until the cost of marketing services can be trimmed. These costs have been getting steadily more expensive, he said.

It was Benson's first appearance before the committee since Democrats took charge with the start of the new Congress. Many committee members oppose the administration's program of flexible farm price supports.
